

LTSU 2025 By Elections – Endorsement Process

To uphold the integrity of a free and fair election, the following process must be followed for official endorsements by societies and clubs.

Important: No promotion of any candidate is permitted until the democratic vote for the endorsement has taken place and the results have been formally declared to the Students' Union. The Students' Union will email you to confirm if your proposed endorsement has been approved.

If you have any questions regarding the interpretation of this process, please contact the Deputy Returning Officer at LTSUVoice@leedstrinity.ac.uk.

Endorsement Process:

1. **Candidate List Review:** Societies and clubs can review the list of candidates, and choose which candidate to support, from **10th October 2025**. This is when the candidate profiles will be available on the website to review.
2. **Democratic Vote:** Each society or club must hold a democratic vote—either in person or online—to decide which candidate(s) they wish to endorse.
3. **Confirmation:** An elected committee member must fill in the **Endorsement Form** to confirm that the vote has taken place and to officially declare the society's chosen candidate(s).
4. **Public Endorsement:** Once the Students' Union has acknowledged and sent you an email confirming the endorsement, the society/club and endorsed candidates may publicly share their support, including on social media.

We appreciate your cooperation in ensuring a fair and transparent election process. Thank you for supporting democracy at LTSU!
